

St Hugh's Church - Knaphill

Emergency Evacuation Plan

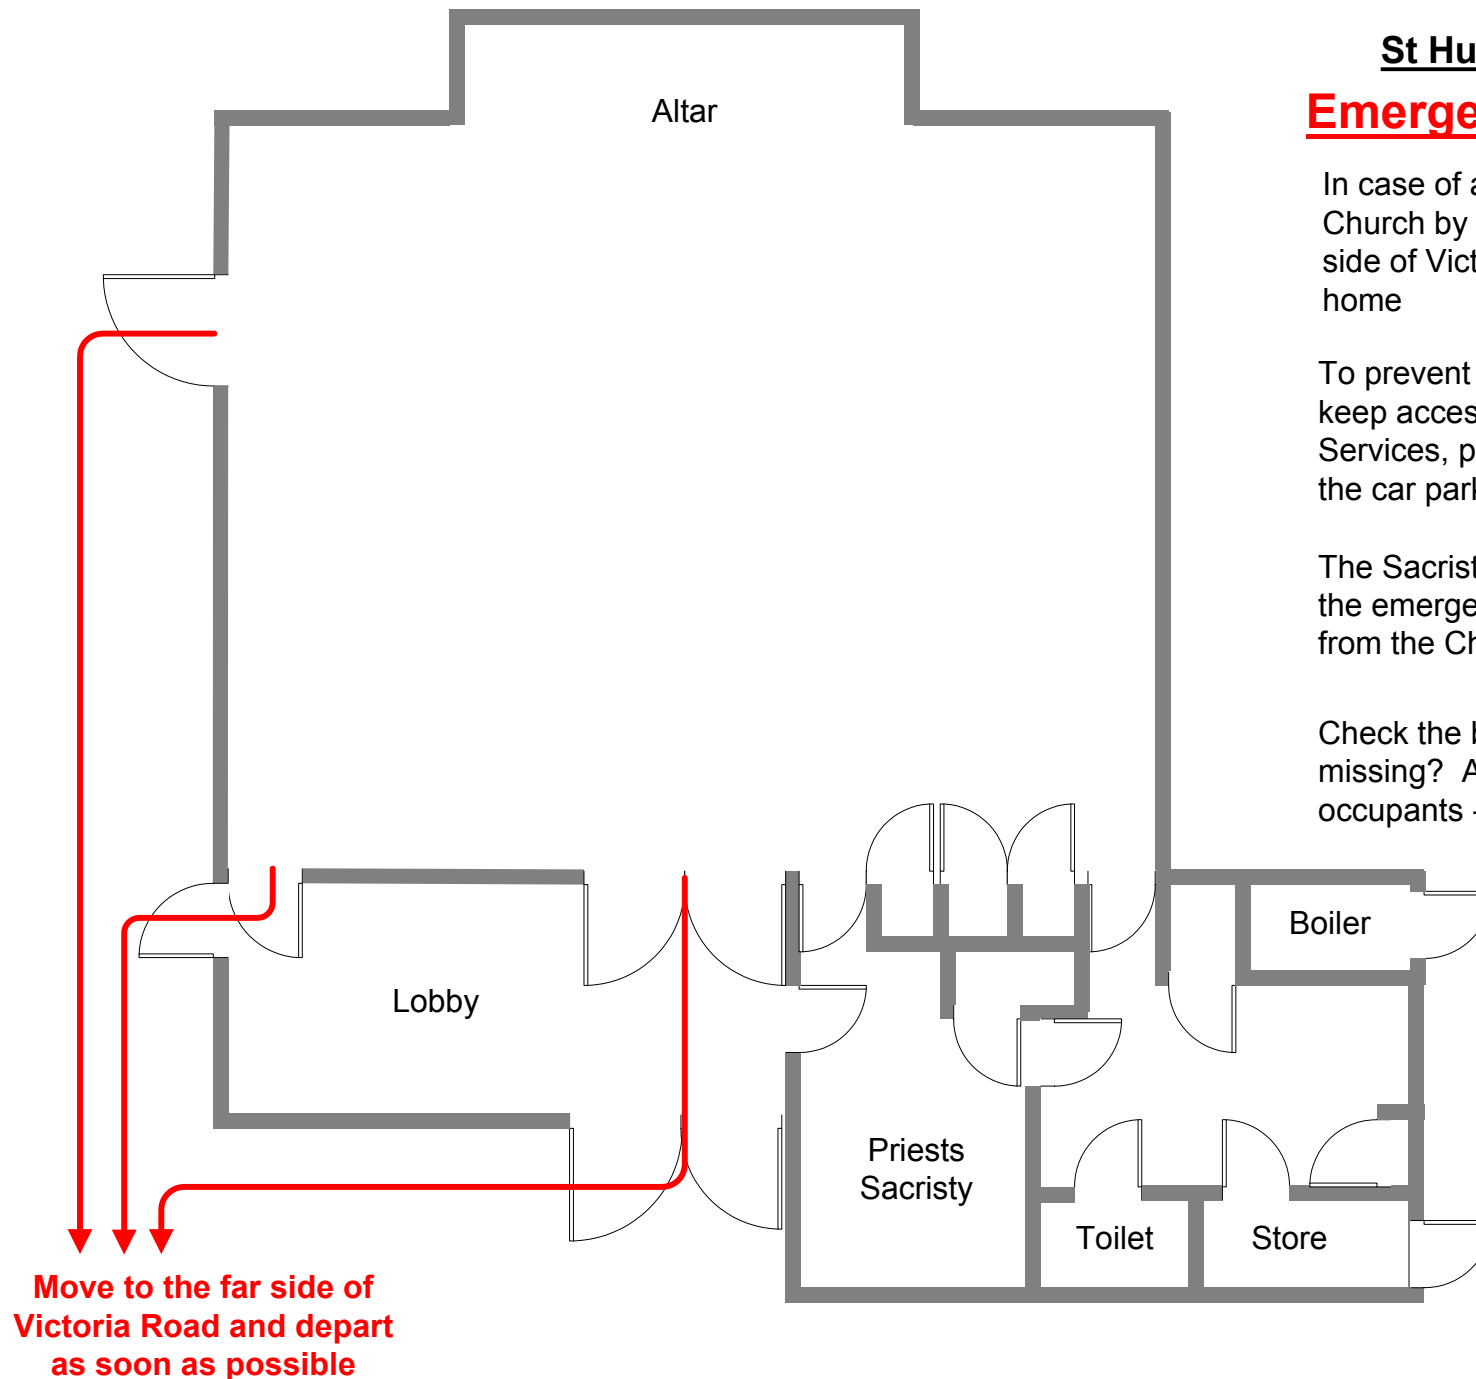

In case of an Emergency, please leave the Church by the nearest exit, move to the far side of Victoria Road and make your way home

To prevent accidents to pedestrians and to keep access clear for the Emergency Services, please do **NOT** move cars from the car park or forecourt until authorised

The Sacristan, or their nominee, must summon the emergency services - keep people away from the Church to provide clear access

Check the building - is anyone trapped or missing? Alert the Presbytery and Hall occupants - they may also be in danger

If the fire is small, consider tackling it with a suitable extinguisher - **Consider your own safety !!!**

Move to the far side of Victoria Road and depart as soon as possible
